Basic Guidelines for Claiming Ontario Tax Credits

- You must file a completed Individual Income Tax Return along with this Ontario Tax Credit form.

1. Property Tax Credit

(a) The Property Tax Credit may be claimed by all individuals resident in Ontario on December 31, 1987 ***except:***
- persons under age 16
- persons under age 21 who live at home and are claimed as dependants
- persons 65 years of age or older
- persons with spouses 65 years or older; except in the year of marriage *(see item 3(a))*
- estates of deceased persons

(b) The Property Tax Credit must be claimed by the spouse having the higher taxable income regardless of the registered ownership of the principal residence except in cases where marriage took place in 1987 *(see item 3(a))*.

(c) **Principal Residence**
- means the housing unit in Ontario which was ordinarily occupied or inhabited during 1987.
- may include hotel rooms, mobile homes or rooming houses.
- does not include a property tax exempt residence, e.g., military base, home on Indian Reservation.
- does not include a nursing home if the residents' costs are subsidized, or certain institutions.

An individual who moves within Ontario during the year may claim each consecutive residence based on the actual period of occupancy.

(d) **Occupancy Cost**
- for homeowners is the property tax paid on a principal residence in the taxation year (does not include mortgage principal and interest payments).
- for tenants is 20% of the rent paid for the principal residence in the taxation year (excluding any amount paid for meals and any amount paid to family members which is not included in their income for tax purposes), *or* if both property tax and rent are paid on the same principal residence, is 20% of the total of property tax and rent paid. In this instance the total of the property tax and rent paid must be entered on line 555.
- must not include property tax or rent paid on a second residence (e.g. cottage) or part of a home used for rental or business purposes.
- must be prorated to cover the actual period of occupancy if the principal residence was occupied for less than the year.

(e) **Joint Occupancy**

Where two or more principal taxpayers share a principal residence, Occupancy Cost must be allocated
- according to each principal taxpayer's beneficial ownership in the housing unit, *or*
- according to the rent paid by each tenant.

(f) **College Residence**

Most residences of Ontario universities, colleges and schools of nursing have a deemed Occupancy Cost of $25.00. Anyone living in one of these residences is restricted to a $25.00 Occupancy Cost for the part of the year he or she lived in such a residence.

Call the Information Centre to find out if your residence is included in this category.

2. Sales Tax Credit

All individuals resident in Ontario on December 31, 1987 may claim the Sales Tax Credit ***except:***
- persons under age 16
- persons claimed as dependants for income tax purposes by another resident in Canada
- persons 65 years of age or older
- estates of deceased persons

3. General Information

(a) **Marriage in the Year**
Both Spouses Under 65

When a marriage takes place in the year, there are frequently three Occupancy Costs involved:

(A) the rent or property tax paid by the spouse with the higher taxable income for the part of the year prior to marriage

(B) the rent or property tax paid by the spouse with the lower taxable income prior to marriage

(C) the rent or property tax paid following marriage.

An Ontario Tax Credit claim may be made in one of two ways, either
- the spouse with the higher taxable income includes (A) + (B) + (C) in calculating Occupancy Cost, *or*
- the spouse with the higher taxable income includes (A) + (C) and the spouse with the lower taxable income uses (B) in calculating Occupancy Cost.

One Spouse Under 65

The spouse under 65 is allowed to claim a Property Tax Credit based on Occupancy Cost incurred by him/her prior to marriage provided that such occupancy costs are not included in the Occupancy Cost of the other spouse for a property tax grant.

(b) **Separation in the Year**
Both Spouses Under 65

In the year of separation, each spouse may include the following in calculating Occcupancy Cost:
- a share of the rent or property tax for the part of the year prior to separation in any manner agreed upon, ***and***
- the rent or property tax paid following separation.

One Spouse Under 65

Where the spouse under 65 remains in the principal residence after separation he/she may claim a Property Tax Credit based on Occupancy Cost paid by him/her from date of separation to the end of the taxation year.

Règles de base relatives aux crédits d'impôt de l'Ontario

- Vous devez accompagner votre formule «Crédits d'impôt de l'Ontario» d'une déclaration d'impôt sur le revenu des particuliers dûment remplie.

1. Crédit d'impôts fonciers

a) Ce crédit peut être demandé par tous les particuliers qui résidaient en Ontario le 31 décembre 1987, ***sauf:***
- les personnes de moins de 16 ans
- les personnes de moins de 21 ans qui habitent à la maison et qui sont déclarées à charge
- les personnes de 65 ans ou plus
- les personnes dont le conjoint a 65 ans ou plus, excepté si le mariage a eu lieu en 1987 (voir n° 3a))
- les successions de personnes décédées

b) Le crédit d'impôts fonciers doit être demandé par le conjoint au revenu imposable le plus élevé, peu importe celui qui détient le titre de propriété de la résidence principale. Si le mariage a eu lieu en 1987, voir le n° 3a).

c) **Résidence principale**
- désigne le logement, en Ontario, habituellement habité en 1987.
- peut désigner une chambre d'hôtel, une maison mobile ou une pension;
- ne comprend pas une résidence exempte d'impôts fonciers, par exemple une base militaire et une maison située dans une réserve indienne.
- ne comprend pas une maison de santé si les frais supportés par les pensionnaires sont subventionnés, ni certains établissements.

Un résident de l'Ontario qui déménage au cours de l'année sans quitter la province peut demander pour chaque résidence consécutive le crédit pour la période réelle d'habitation.

d) **Coût d'habitation**
- pour les propriétaires, les impôts fonciers versés pour une résidence principale pendant l'année d'imposition (sauf les paiements de capital et d'intérêts sur hypothèque);
- pour les locataires, 20% du loyer versé pour la résidence principale pendant l'année d'imposition (sauf le coût des repas ou un montant payé aux membres de la famille qui n'est pas inclus dans leur revenu aux fins de l'impôt), ***ou*** lorsque des impôts fonciers et un loyer sont versés pour une même résidence principale, 20% du total des impôts fonciers et du loyer versés. Dans ce cas, le total doit être inscrit à la ligne 555;
- les impôts fonciers ou le loyer versés pour une résidence secondaire (par ex., un chalet) ou pour la partie d'une maison qui est louée ou qui est utilisée à des fins commerciales ne doivent pas être inclus;
- si la résidence principale n'a pas été habitée toute l'année, il faut réduire le coût d'habitation à proportion de la période d'habitation.

e) **Cohabitation**

Si deux contribuables principaux ou plus partagent une résidence principale, le coût d'habitation doit être attribué
- selon le degré de propriété réelle de chaque contribuable principal dans le logement ***ou***
- selon le loyer payé par chaque locataire.

f) **Résidence d'étudiants**

Le coût d'habitation pour la plupart des résidences d'universités, de collèges et d'écoles de sciences infirmières en Ontario est fixé à 25,00 $. Quiconque habite une résidence de ce genre dont le coût d'habitation a été fixé à l'avance n'a droit qu'au montant susmentionné pour la période de l'année où il a habité une telle résidence. Pour savoir si le coût d'habitation de votre résidence a été fixé comme il est indiqué ci-dessus, adressez-vous au Centre d'information.

2. Crédit de taxe sur les ventes

Ce crédit peut être demandé par tous les particuliers qui résidaient en Ontario le 31 décembre 1987, ***sauf:***
- les personnes de moins de 16 ans
- les personnes déclarées à charge aux fins de l'impôt sur le revenu par un autre résident du Canada
- les personnes de 65 ans ou plus
- les successions de personnes décédées

3. Renseignements généraux

a) **Mariage au cours de l'année**
Les deux conjoints ont moins de 65 ans

Lorsqu'un mariage a lieu au cours de l'année, il y a souvent trois coûts d'habitation à considérer:

(A) le loyer ou les impôts fonciers versés pour la partie de l'année précédant le mariage par le conjoint au revenu imposable le plus élevé

(B) le loyer ou les impôts fonciers versés avant le mariage par le conjoint au revenu imposable le moins élevé

(C) le loyer ou les impôts fonciers versés après le mariage.

Voici les deux façons de demander un crédit d'impôt de l'Ontario:
- le conjoint au revenu imposable le plus élevé remplit (A) + (B) + (C) dans le calcul de coût d'habitation ***ou***
- le conjoint au revenu imposable le plus élevé remplit (A) + (C) dans le calcul du coût d'habitation, alors que l'autre conjoint remplit (B).

Un des conjoints a moins de 65 ans

Le conjoint de moins de 65 ans a droit au crédit d'impôts fonciers fondé sur son coût d'habitation avant le mariage, à condition que ce coût d'habitation ne soit pas inclus dans la demande de subvention pour impôts fonciers de l'autre conjoint.

b) **Séparation au cours de l'année**
Les deux conjoints ont moins de 65 ans

L'année de la séparation, chaque conjoint peut inclure ce qui suit dans le calcul du coût d'habitation;
- sa part convenue du loyer ou des impôts fonciers versés pour la partie de l'année précédant la séparation ***et***
- le loyer ou les impôts fonciers versés après la séparation.

Un des conjoints a moins de 65 ans

Dans le cas où le conjoint de moins de 65 ans continue à habiter la résidence principale après la séparation, il peut demander le crédit d'impôts fonciers fondé sur son coût d'habitation depuis la date de la séparation jusqu'à la fin de l'année d'imposition.

Number of Claims

5.-(1) Subject to this section, in determining the vehicle claims history class, every claim arising from the ownership, use or operation of the insured vehicle that resulted in an insurer making a payment under the third party coverage or collision coverage of a policy insuring the insured vehicle is counted.

(2) For the purposes of this section, a claim arising from an accident is not counted,

(a) if the insured vehicle was struck by an unidentified vehicle and the accident was reported to a police officer as soon as was practicable; or

(b) if the insured vehicle was legally parked when the accident occurred and the accident was reported to a police officer as soon as was practicable.

(3) If, before this section came into force, an insurer did not levy a surcharge for a claim described in subsection (1) in respect of an insured vehicle, that insurer shall not count the claim under this section but another insurer may count the claim in rating the vehicle under this section.

(4) If as a result of a finding by a court or a provision in a settlement agreement, the insurer is not liable, or is entitled to be reimbursed, for a payment made in respect of a claim described in subsection (1), the claim is not counted under this section and the vehicle claims history class shall be changed retroactively for the period that the incorrect classification, if any, was in effect.

REGIONAL MUNICIPALITY OF WATERLOO ACT

O. Reg. 407/88.
Equalization of Assessments made under Section 121 of the Regional Municipality of Waterloo Act.
Made—June 27th, 1988.
Filed—June 27th, 1988.

REGULATION MADE UNDER THE REGIONAL MUNICIPALITY OF WATERLOO ACT

EQUALIZATION OF ASSESSMENTS MADE UNDER SECTION 121 OF THE REGIONAL MUNICIPALITY OF WATERLOO ACT

1. The equalization of assessment made under the Act in each prescribed class of real property necessary to provide, for the Regional Area, assessments of real property that, in accordance with section 121 of the Act, is equitable one with the other in each prescribed class of real property shall include, as standards to be taken into account in such equalization and the computation of the factors resulting therefrom, the following considerations:

1. The proportion that the municipal and school taxes levied for the year 1987 against the total assessment of real property in each prescribed class of real property is of the total municipal and school taxes levied for the year 1987 in the Regional Area shall be maintained to the extent that, if that single mill rate that would have been required to produce in the year 1987 the amount of municipal and school taxes levied in that year against the total assessment of the prescribed class of real property were applied to the total assessment of that prescribed class of real property resulting from the application of the factors hereafter in this Regulation prescribed for that class of real property in the Regional Area, the municipal and school taxes that would have been so levied for the year 1987 from the total assessment for that prescribed class will be substantially the same total amount for that prescribed class of real property as was actually levied in the Regional Area for the year 1987 against the total assessment for that prescribed class of real property in that Regional Area.

2. All real property within a prescribed class of real property in the Regional Area shall, as nearly as may be, be assessed at the same proportion of the market value of such real property in the year 1984, as that market value is determined by the Assessment Commissioner in whose Assessment Region the Regional Area is located.

3. The total assessment, including assessments made under section 32 or 33 of the *Assessment Act*, of the real property in the Regional Area shall not be substantially increased or decreased.

4. Equitability of assessment of real property within each prescribed class of real property in the Regional Area shall be established without significant alteration of the assessment relationships between prescribed classes of real property in the Regional Area, provided that this paragraph does not apply to affect changes in the assessment relationship between prescribed classes of real property that result from an increase in the total assessment of the prescribed class of real property by reason of assessments made under section 32 or 33 of the *Assessment Act*. O. Reg. 407/88, s. 1.

2. This Regulation applies to the Regional Area and to the assessment to be shown on the assessment rolls to be returned in the Regional Area for the year 1987 for taxation in the year 1988 and for every assessment made in the Regional Area for taxation in each subsequent year until a new reassessment of all property within the Regional Area is made under subsection 121 (5) of the Act. O. Reg. 407/88, s. 2.

3. For the purposes of this Regulation, the real property situate in the Regional Area is divided into the prescribed classes of real property that are designated in this Regulation. O. Reg. 407/88, s. 3.

4. For the purposes of this Regulation, the factor to be applied to the market value, as determined in accordance with paragraph 2 of section 1, of real property in each prescribed class of real property in the Regional Area is that shown in the Schedule to this Regulation opposite the number of that prescribed class. O. Reg. 407/88, s. 4.

5. For the purposes of this Regulation, the following classes of real property are prescribed:

Class 1

Property assessed either,

(a) as residential and comprising not more than six residential units, including vacant land municipally zoned for residential development described in this clause; or

(b) as seasonal residential including vacant land zoned principally for this purpose.

Class 2

Property assessed either,

(a) as residential and comprising seven or more residential units, including vacant land municipally zoned principally for residential development described in this clause; or

(b) as a unit or proposed unit within the meaning of the *Condominium Act* to which subsection 65 (2) of the *Assessment Act* does not apply and that is part of a building or parcel of land containing seven or more residential units, whether or not such residential units are units or proposed units within the meaning of the *Condominium Act*.

Class 3

Property assessed as commercial, including vacant land municipally zoned principally for commercial development.

Class 4

Property assessed as industrial, including vacant land municipally zoned principally for industrial development.

Class 5

Property assessed as farm land.

Class 6

Property assessed as a pipe line.

Class 7

Property assessed as a railway right of way. O. Reg. 407/88, s. 5.

6.—(1) The rates contained in Schedule 2 to Ontario Regulation 127/88 (Equalization of Assessments made under section 63 of the *Assessment Act*) apply to the assessment for taxation of all pipe lines liable to assessment and taxation under section 24 of the *Assessment Act* and located in or on the boundary of any municipality named in the Schedule to this Regulation.

(2) For the purposes of clause 24 (16a) (b) of the *Assessment Act*,

(a) where two or more pipe lines occupy the same right of way, each pipe line occupying the right of way is a second and subsequent pipe line, except that which bears the highest assessed value computed by applying the rates in Schedule 2 to Ontario Regulation 127/88 without the reduction in rates for the second and subsequent pipe lines occupying the same right of way provided for in clause (b), but where two or more pipe lines occupying the same right of way have the same assessed value so computed and that assessed value is the highest assessed value or is the only assessed value for the pipe lines occupying that right of way, each of such pipe lines is designated as a second and subsequent pipe line except that one that was first in use as a pipe line; and

(b) where a right of way occupied by a pipe line that is not designated to be a second or subsequent pipe line under clause (a) is also occupied by a pipe line that is designated to be a second and subsequent pipe line, each pipe line so designated shall be assessable and taxable at 75 per cent of the rate in Schedule 2 to Ontario Regulation 127/88 that applies to each pipe line so designated. B. There is the potential for migration of coal tar material by leaching and percolation from the locations identified into the Welland River, as noted in the Consultant Report of Acres International Limited dated December, 1987.

Having weighed such injury, damage or interference against the betterment of the people of the whole or any part of Ontario by the protection, conservation and wise management in Ontario of the environment which would result from the undertaking being subject to the application of the Act;

The undersigned is of the opinion that it is in the public interest to order and orders that the undertaking is exempt from the application of the Act for the following reasons:

A. Local residents are anxious that the work should be carried out as quickly as possible.

B. The undertaking is expected to eliminate the adverse public health and safety impacts that were experienced as a result of the presence of the coal tar deposits.

C. Construction activities associated with the undertaking are expected to have minimal adverse environmental effects.

D. Alternatives to and alternative methods of completing the undertaking were outlined in a report, prepared by Acres International Limited, which was reviewed February 8th, 1988 by the Chippawa Liaison Committee. The Chippawa Liaison Committee is comprised of members of the public and agencies including Ontario Hydro, the Medical Officer of Health, Ministry of Natural Resources, the City of Niagara Falls, and Dr. M. Dickman of Brock University. This Committee has endorsed the undertaking.

E. This undertaking is being managed by the Project Engineering Branch, Ministry of the Environment. The Regional Director, West Central Region, will ensure that all regulatory requirements for the safe transport and ultimate disposal of this material are carried out in compliance with the *Environmental Protection Act*.

The exemption is subject to the following terms and conditions:

O. Reg. 434/88, Sched.

Form 1

Crop Insurance Act (Ontario)

CONTRACT OF INSURANCE

BETWEEN:

THE CROP INSURANCE COMMISSION OF ONTARIO, hereinafter referred to as the "COMMISSION",

OF THE FIRST PART

and

.....

of the ..... of .....

in the County (or as the case may be) of ..... hereinafter referred to as the "INSURED PERSON",

OF THE SECOND PART

WHEREAS the insured person has applied for crop insurance on red beets under the Ontario Crop Insurance Plan — Red Beets, hereinafter referred to as the "plan".

NOW THEREFORE, subject to the *Crop Insurance Act (Ontario)*, and the regulations made thereunder, where in a crop year the insured person suffers a loss in the production of red beets resulting from one or more of the perils designated in the plan, the Commission, subject to the terms and conditions hereinafter set forth, agrees to indemnify the insured person in respect of such loss.

TERMS AND CONDITIONS

CAUSES OF LOSS NOT INSURED AGAINST

1. This contract does not apply to, and no indemnity shall be paid in respect of, a loss in the production of the insured crop resulting from,

(a) the negligence, misconduct or poor farming practices of the insured person or of an agent or employee of the insured person;

(b) a shortage of labour or machinery;

(c) insect infestation or plant disease unless recommended spray programs were followed; or

(d) a peril other than the perils designated in the plan.

EXTENT OF INSURANCE

2. The insured person shall offer for insurance all acreage planted in the crop year to red beets on the farm or farms operated by him or her in Ontario, whether grown under contract with a processor or not and this contract of insurance applies to all such acreage.

INCORRECT ACREAGE IN FINAL ACREAGE REPORT

3.—(1) If the actual planted acreage of red beets in a crop year is less than the planted acreage declared in the final acreage report,

(a) the coverage shall be decreased proportionately in calculating whether there has been a loss; and

(b) the actual production shall be used in calculating the average farm yield in order to determine coverage for the following crop year.

(2) If the actual planted acreage of red beets in a crop year is less than the planted acreage declared in the final acreage report, the Commission shall not refund any part of the premium.

(3) If the actual planted acreage of red beets in a crop year exceeds the planted acreage declared in the final acreage report, the actual production shall be used in calculating whether there has been a loss and,

(a) where the calculation indicates a loss, such actual production shall be used; or

(b) where the calculation does not indicate a loss, such actual production shall be reduced in proportion to the acreage declared in the final acreage report,

in calculating the average farm yield in order to determine coverage for the following crop year.

HARVESTING OF PLANTED ACREAGE

4.—(1) All acreage planted to the insured crop in the crop year shall be harvested as red beets for processing unless the Commission, upon written application, consents in writing to,

(a) the use of the planted acreage or any part of it for another purpose; or

(b) the abandonment or destruction of the insured crop or any part of it.

(2) If the harvesting of any planted acreage is not completed and the failure to harvest was not caused by a designated peril, the contract of insurance ceases to apply to the unharvested acreage and no indemnity shall be payable for it.

MISREPRESENTATION, VIOLATION OF CONDITIONS OR FRAUD

5. A claim by the insured person under this contract is invalid and the right of the insured person to recover indemnity is forfeited if that person,

(a) in the application for insurance,

(i) gives false particulars of the insured crop to the prejudice of the Commission, or

(ii) knowingly misrepresents or fails to disclose any fact required to be stated in the application;

(b) contravenes a term or condition of this contract;

(c) commits a fraud in respect of the insured crop; or

(d) knowingly makes a false statement in respect of a claim under this contract.

WAIVER OR ALTERATION

6. No term or condition of this contract is deemed to be waived or altered in whole or in part by the Commission unless the waiver or alteration is clearly expressed in writing and signed by the Commission or a representative authorized for that purpose by the Commission.

ASSIGNMENT OF RIGHT TO INDEMNITY

7.—(1) The insured person may assign all or part of the right to indemnity under this contract in respect of the insured crop.

(2) An assignment is not binding on the Commission and the Commission shall not pay an indemnity to an assignee unless,

(a) the assignment is made on a form provided by the Commission; and

(b) the Commission gives written consent to the assignment.

INTEREST OF OTHER PERSONS

8. Despite the interest of any person other than the insured in the insured crop, for the purposes of this contract,

(a) the interest of the insured person in the insured crop is deemed to be the full value of the coverage; and

(b) except as provided in paragraph 7, no indemnity shall be paid to any person other than the insured person.

EVALUATION OF LOSS

9.—(1) Where loss or damage to three acres or more of the insured crop occurs at any time following the planting of the insured crop or any part thereof, the Commission, upon written application by the insured person, may consent in writing to,

(a) the replanting of the damaged acreage, provided that the replanting is completed not later than the 1st day of July in the same crop year;

(b) the use of the damaged acreage for an alternate crop; or

(c) the abandonment or destruction of the insured crop on such damaged acreage.

(2) If the damaged acreage is replanted to red beets in accordance with sub-subparagraph (1) (a), the Commission shall pay to the insured person a supplementary benefit of $100 for each acre replanted and the contract of insurance shall continue to apply to the replanted acreage.

(3) If the damaged acreage is used for an alternate crop in accordance with sub-subparagraph (1) (b),

(a) the Commission shall pay to the insured person a supplementary benefit of $100 for each acre replanted;

(b) the replanted acreage shall be released from the contract of insurance; and

(c) the coverage and indemnity payable shall be reduced accordingly.

10.—(1) When harvesting has been completed, the amount of loss that is taken into account in the final adjustment of loss in respect of the total planted acreage shall be calculated by multiplying the established price per ton by the difference between the coverage and the actual production.

(2) For the purpose of subparagraph (1), actual production includes,

(a) production delivered to and accepted by a processor;

(b) production delivered to and rejected by a processor unless the rejection resulted from a designated peril;

(c) production harvested but not delivered to a processor; and

(d) potential production of wholly or partially unharvested acreage unless the failure to harvest resulted from a designated peril.

NOTICE OF LOSS OR DAMAGE

11.—(1) When loss or damage to the insured crop occurs and the insured person intends to abandon or destroy the insured crop, or to replant or use the planted acreage for another purpose, the insured person shall notify the Commission in writing of the intention and shall take no further action without the written consent of the Commission.

(2) When loss or damage to the insured crop occurs and the damage was occasioned at a readily ascertainable time, the insured person shall notify the Commission in writing within twenty-four hours of that time.

(3) When loss or damage to the insured crop occurs and it appears, or ought reasonably to appear, to the insured person at any time after planting and before the completion of harvesting of the insured crop that the production of the insured crop may be reduced by the loss or damage, the insured person shall notify the Commission in writing as soon as the loss or damage is apparent.

(4) Despite any notice given by the insured person under this paragraph, when, on completion of harvesting of the insured crop, the actual production is less than the coverage, the insured person shall notify the Commission in writing forthwith.

ABANDONMENT, DESTRUCTION OR ALTERNATE USE

12.—(1) Acreage planted to the insured crop shall not be put to another use and the insured crop shall not be abandoned or destroyed until the Commission has appraised the potential production of the acreage using an appraisal method that is reasonable in the circumstances.

(2) An appraisal made under subparagraph (1) shall not be taken into account in the final adjustment of loss where the insured person harvests the appraised acreage.

ADJUSTMENT OF LOSS

13.—(1) When the insured person experiences a loss or damage to the insured crop, the Commission may cause the production of the insured crop to be appraised by any method that is reasonable in the circumstances.

(2) No indemnity shall be paid for a loss in respect of the insured crop unless the insured person establishes,

(a) what actual production was obtained from the insured crop for the crop year; and

(b) that the loss in production or part thereof resulted directly from one or more of the designated perils.

(3) Where a loss in production resulted partly from a designated peril and partly from a cause of loss not

insured against, the Commission shall determine the amount of the loss that resulted from the cause of loss not insured against and shall reduce the indemnity payable under this contract accordingly.

(4) Subject to subparagraph (5), the indemnity payable with respect to the total planted acreage in the final adjustment of loss shall be the sum of all loss calculations applicable to such acreage.

(5) When the actual production of any harvested acreage exceeds the coverage applicable to that acreage, the indemnity otherwise payable for a loss in production shall be reduced by the amount obtained by multiplying the excess by the established price per ton.

PROOF OF LOSS

14.—(1) An insured person, except as set out in subparagraph (2), shall claim an indemnity in respect of the insured crop on a Proof of Loss Form provided by the Commission and shall file the form with the Commission not later than sixty days after the earlier of,

(a) the completion of harvesting of the insured crop; or

(b) the end of the crop year.

(2) A claim for indemnity may be made,

(a) in the case of the absence or inability of the insured person, by an authorized representative; or

(b) in the case of the absence or inability of the insured person or on his or her failure or refusal to do so, by an assignee under an assignment made under paragraph 7.

(3) When it is reasonable in the circumstances, the information given in a proof of loss form shall be verified by statutory declaration.

ARBITRATION

15. When the Commission and the insured person fail to resolve any dispute respecting the adjustment of a loss under this contract, the matter shall be determined by arbitration in accordance with Regulation 197 of Revised Regulations of Ontario, 1980.

TIME FOR PAYMENT OF INDEMNITY

16.—(1) No indemnity under this contract is due and payable until,

(a) the end of the crop year; and

(b) the payment in full of the premium.

(2) Where the indemnity payable by the Commission under this contract is established by the filing of a Proof of Loss Form or by an award of an arbitrator or board of arbitration, it shall be paid within sixty days of the receipt by the Commission of the Proof of Loss Form or award, as the case may be.

SUBROGATION

17. When the Commission has paid a claim for indemnity under this contract, the Commission is subrogated to the extent of the payment to all rights of recovery of the insured person against any person and may bring action in the name of the insured person to enforce those rights.

RIGHT OF ENTRY

18. The Commission has a right of entry to the premises of the insured person that may be exercised by agents of the Commission at any reasonable time for any purpose related to the contract of insurance.

NOTICE

19.—(1) Any written notice to the Commission shall be given by delivering it or mailing it to the Commission.

(2) Written notice to the insured person shall be given by delivering it or mailing it to the insured person at his or her last post office address on file with the Commission.

REGULATION TO AMEND REGULATION 282 OF REVISED REGULATIONS OF ONTARIO, 1980 MADE UNDER THE EMPLOYMENT STANDARDS ACT

1. Clause 1 (j) of Regulation 282 of Revised Regulations of Ontario, 1980 is amended by,

(a) striking out "age" in the first line and inserting in lieu thereof "date"; and

(b) striking out "or age" in the second line.

2. Section 2 of the said Regulation is revoked and the following substituted therefor:

2.—(1) The prohibition in subsection 34 (2) of the Act does not apply in respect of a differentiation in the rates of contribution by an employer to a pension plan if the differentiation is made on an actuarial basis because of the sex of the employee and in order to provide equal benefits under the plan.

(2) The prohibition in subsection 34 (2) of the Act does not apply in respect of a differentiation made under a pension plan if,

(a) the *Pension Benefits Act, 1987* applies to the pension plan; and

(b) the differentiation is made,

(i) on the basis of the sex of an employee, and

(ii) in respect of employment prior to the 1st day of January, 1987, other than employment that is described in clause 53 (3) (b) or (c) of the *Pension Benefits Act, 1987*.

(3) The prohibition in subsection 34 (2) of the Act does not apply in respect of a differentiation made under a pension plan if,

(a) the *Pension Benefits Act, 1987* does not apply to the pension plan; and

(b) the differentiation is made,

(i) on the basis of the sex of an employee, and

(ii) in respect of employment before this subsection came into force.

(4) In subsections (2) and (3), "differentiation" means a type of differentiation to which the prohibition in subsection 34 (2) of the Act did not apply on the 31st day of December, 1987, because of the operation of this section as it read on that date. O. Reg. 443/88, s. 2.

3.—(1) Clause 3 (b) of the said Regulation is revoked and the following substituted therefor:

(b) a differentiation between employees under a pension plan because of marital status if the differentiation is made for the purpose of providing benefits that are payable periodically during the joint lives of an employee who is entitled to the pension and the employee's spouse, and thereafter during the life of the survivor of them, as provided in the pension plan; and

(2) Clause 3 (c) of the said Regulation is amended by inserting "or a unit-benefit" after "benefit" in the second line.

(3) Section 3 of the said Regulation is amended by adding thereto the following subsections:

(2) For the purposes of clause (1) (b), benefits are deemed to be payable periodically despite the fact that they are commuted, if the amount of the annual benefit payable to the employee at the normal pensionable date is not more than 2 per cent of the Year's Maximum Pensionable Earnings, as defined in the *Canada Pension Plan* in the year that the employee terminated the employment.

(3) Clause (1) (b) does not apply if the *Pension Benefits Act, 1987* applies to the pension plan and the plan contravenes the provisions of that Act respecting joint and survivor pensions. O. Reg. 443/88, s. 3 (3).

4. Section 4 of the said Regulation is revoked and the following substituted therefor:

4.—(1) The prohibition in subsection 34 (2) of the Act does not apply in respect of a differentiation made between employees because of age, if the differentiation is determined on an actuarial basis, and it is,

(a) a differentiation in the rates of voluntary additional contributions by an employee to a pension plan;

(b) a differentiation in the rates of contributions that an employee is required to make to a money purchase or profit sharing pension plan;

(c) a differentiation in the rates of contributions by an employer to a unit-benefit or defined benefit pension plan, unless the *Pension Benefits Act, 1987* applies to the plan and the plan contravenes the provisions of that Act respecting age differentiation;

(d) a differentiation in the rates of contributions by an employer to a money purchase or profit sharing pension plan,

(i) when the employer transfers the assets from a unit-benefit or defined benefit pension plan to the money purchase or profit sharing pension plan, and

(ii) if the differentiation is made in order to protect employees' pension benefits from being adversely affected by the transfer; or

(e) a differentiation in benefits payable to employees that, if the *Pension Benefits Act, 1987* applies to the pension plan, is permitted by that Act.

(2) Notwithstanding subsection (1), the requirement that a differentiation be determined on an actuarial

basis does not apply to a differentiation described in clause (1) (a), (b) or (e) that is made in respect of the employment of a person before this section came into force.

(3) The prohibition in subsection 34 (2) of the Act does not apply with respect to a provision in a pension plan that differentiates between employees because of age in establishing,

(a) a normal pensionable date for voluntary retirees; or

(b) an early voluntary retirement date or age,

unless the *Pension Benefits Act, 1987* applies to the plan and the plan contravenes the provisions of that Act respecting normal pensionable dates and early retirement dates. O. Reg. 443/88, s. 4.

ENVIRONMENTAL ASSESSMENT ACT

O. Reg. 446/88.
Exemption—The Corporation of the City of Toronto—TOR-C-4.
Made—July 13th, 1988.
Approved—July 13th, 1988.
Filed—July 13th, 1988.

ORDER MADE UNDER THE ENVIRONMENTAL ASSESSMENT ACT

EXEMPTION—THE CORPORATION OF THE CITY OF TORONTO—TOR-C-4

Having received a request from The Corporation of the City of Toronto that the undertaking namely:

> the enterprise or activity of a building development involving mixed land uses with significant emphasis on affordable and non-profit housing in the area of the City of Toronto bounded on the west by the westerly limit of Parliament Street, on the north by the northerly limits of Front Street East, Eastern Avenue and the Eastern Avenue Diversion, the westerly limit of St. Lawrence Street, and the northerly limit of King Street East, on the east by the easterly limit of Bayview Avenue, and bounded on the south as follows—starting at Parliament Street, east along the southerly limit of Mill Street, the westerly limit of Cherry Street and the northerly limit of the Toronto Terminals Railway Corridor, but excluding therefrom the Gooderham & Worts properties on the north side of Mill Street between Trinity Street and Cherry Street, and east along the Railway Corridor to the easterly limit of Bayview Avenue, together with lands south of the Railway Corridor known as Gordon Young/Maple Leaf Mills Ltd. being premises 554 Lakeshore Boulevard East, (the 'site'),

be exempt from the application of the Act pursuant to section 29; and

Having been advised that if the undertaking is subject to the application of the Act, the following injury, damage or interference with the persons and property indicated will occur:

A. The people of Toronto will be interfered with as a result of a delay in bringing onto the market much needed non-profit and affordable housing units during a time when waiting lists for public, non-profit and co-operative housing are large and growing rapidly.

B. Several locations within and off the site of the proposed undertaking will not promptly benefit from the removal of industrial emission sources and contaminated soils if the undertaking does not proceed.

Having weighed such injury damage or interference against the betterment of the people of the whole or any part of Ontario by the protection, conservation and wise management in Ontario of the environment which would result from the undertaking being subject to the application of the Act;

The undersigned is of the opinion that it is in the public interest to order and orders that the undertaking is exempt from the application of the Act for the following reasons:

A. The public will benefit by the exemption in that the undertaking will increase the housing supply in the City particularly through the provision of affordable housing, non-profit housing and housing for persons with special needs, at a time when the supply of all types of housing in the City and, particularly within the core area of the City, is in great shortage and waiting lists for public, non-profit and co-operative housing are growing rapidly.

B. The site provides a substantial amount of land that can be well integrated with the existing physical and social infrastructure of the City core. It is capable of being developed within a reasonable period of time.

C. Some locations within the site have undesirable environmental qualities because of soil contamination caused by previous and existing industrial land uses which will be remedied or controlled if the undertaking goes ahead.

D. The conditions of this order will ensure that there is a thorough environmental planning and approval process, involving opportunities for public participation at various stages.

E. The net effects on the environment of the undertaking, after the disruption of construction, should be minimal and be positive in nature, particularly considering the existing industrial-type uses in the area.

F. Environmental effects respecting the undertaking will be addressed in detail as set out in the conditions of this order.

G. A great proportion of the components of the undertaking are not subject to the requirements of the EA Act including the municipal non-profit housing component and ancillary commercial and other uses within the housing project.

This exemption is subject to the following terms and conditions:

1. This order only exempts the acquisition, development and use of the site for the proposed mixed residential, commercial, institutional, community parks, and industrial land uses.

2. —(1) An environmental overview study,

(a) shall be undertaken by the proponent and submitted to the Minister of the Environment for approval following an opportunity for public notice, review and comment, before the Official Plan Amendment(s) for the undertaking is submitted to the Minister of Municipal Affairs for approval under the *Planning Act, 1983*;

(b) shall identify key environmental concerns on and off the site, including,

(i) any effects on health,

(ii) soil quality,

(iii) air quality, including odours and dust,

(iv) noise and vibration,

(v) water quality, including ground and storm water, and

(vi) the presence or absence of waste associated with the former coal gasification plant; and

(c) shall contain,

(i) an overview of existing soil and ground water quality conditions and proposed soil and ground water management for the entire site,

(ii) a risk analysis of injury or damage from flooding or accidents upon road and rail corridors in the area of the site,

(iii) a description of the detailed environmental studies on impacts and mitigation measures and strategies that will be carried out for each part of the site prior to zoning by-law amendments or development agreements or agreements of purchase and sale being entered into by the City for the development or disposition of that part of the site,

(iv) a description of the environmental planning and approvals process under the *Planning Act, 1983* and other statutory authorities including the sequence of development from the Official Plan Amendment to zoning by-law amendments for each area of the site,

(v) a description of the agreements that will be entered into by the City for each part of the site, and

(vi) a summary of any submissions made or concerns raised by the public and the responses thereto.

(2) In these conditions, "remedial work" means anything of an environmental nature required to be done by these conditions or the programs and strategies developed under them for the purpose of removing environmental risks from the site or rendering them unlikely to cause adverse effects.

3. The City shall develop detailed soil and ground water quality management programs for each area of the site which will be submitted to the Director of the Central Region, Ministry of the Environment for approval, prior to approval of zoning by-law amendments. The program shall examine if, how and where contaminated soil should be removed.

4. —(1) On the basis of key concerns raised in the environmental overview study, including the soil and ground water quality aspects, the City shall undertake the detailed studies referenced in sub-sub-subcondiition number 2 (1) (c) (iii) on specific environmental problems to identify the extent of the problems and suggest remedial strategies. The studies shall identify which remedial measures can be carried out prior to commencement of construction and which can only be carried out or completed after construction has commenced on the parts of the site to which the remedial measures relate. The studies shall be submitted to the Director of the Central Region, Ministry of the Environment for approval, prior to approval of zoning by-law amendments.

(2) The remedial measures described in any study submitted under subcondition 4 (1) as being able to be carried out prior to commencement of construction shall be so carried out.

5. The Official Plan Amendment for the undertaking shall provide that,

(a) the environmental planning and approvals process under the *Planning Act, 1983* and other statutes, specified in the approved environmental overview study be followed;

(b) the site be the subject of a holding symbol under section 35 of the *Planning Act, 1983* and that the symbol be removed with respect to any part of the site only when a consulting engineer has,

(i) certified that remedial work required under any of these conditions to be carried out prior to commencement of construction on that part of the site has been properly completed,

(ii) prepared a report setting out how the remedial work has been carried out and what if any other remedial work remains to be done and that the property is safe for the intended land use, and

(iii) delivered a copy of the certificate and report to the Director of Central Region, Ministry of the Environment and the City Clerk;

(c) whenever the City owns any residential premises on the site, or has control over them by agreement or otherwise for the purpose of this condition, it shall ensure that the premises are not leased to any person unless the prospective tenant has been advised of the nature of any ongoing environmental concerns relating to the premises and identified under these conditions, such as potential noise, vibration, dust or odour impacts on the premises;

(d) environmental mitigation measures developed under conditions 2, 3 and 4 and any programs and strategies and other remedial works developed under them and the balance of the subconditions be carried out and complied with;

(e) where the City sells any part of the site, other than by means of a plan of subdivision, rather than developing it and continuing to own it, the City, as vendor, will impose a building scheme in a registered agreement satisfactory to the Director, Central Region, of the Ministry of the Environment, so that it will run with the land and bind subsequent purchasers, requiring the environmental mitigation measures developed under conditions 2, 3 and 4 and any programs and strategies and other remedial works developed under them and the balance of the subconditions be carried out and complied with;

(f) where any part of the site is to be developed as a condominium or by means of a plan of subdivision then in lieu of establishing the building scheme referred to in subcondition (e) there shall be an agreement under section 50 of the *Planning Act, 1983* registered on title imposing similar conditions;

(g) an environmental consultant be retained by the City to certify that all site plans and building plans comply with environmental requirements and incorporate all necessary environmental safeguards including provisions for noise, vibration, soil quality, ground water quality, storm water, air quality, odour and dust;

(h) an on-site environmental inspector be retained by the City of Toronto to provide on-site environmental inspection and supervision of grading and construction activities to ensure that best available environmental practices are followed, including those for soil, air, noise and water management and, to ensure an acceptable clean-up of each area for the intended land use, who shall make a monthly status and compliance report to the Director, Central Region, of the Ministry of the Environment, and the City of Toronto; and

(i) all contract documents regarding site grading and restoration, clean-up and construction work shall provide the on-site environmental inspector and environmental consultant(s) with authority over on-site construction activities to ensure compliance with any environmental conditions in, or developed under, these conditions that relate to the contract.

6. In carrying out the above conditions, the City shall ensure that full public participation in the planning process is encouraged and provided for and that the studies referred to in condition number 4 are reviewed at a meeting at which the public may make representations to City Council or one of its committees prior to being submitted to the Minister of the Environment for approval.

7. The proponent shall at least annually report in writing to the Director of the Environmental Assessment Branch of the Ministry of the Environment for filing with the public records kept under section 31 of the *Environmental Assessment Act*. The reports shall set out the progress with the implementation of the undertaking and compliance with conditions contained in this document and with the environmental aspects of agreements entered into pursuant to these conditions.

8. Any agreement which is entered into under the *Housing Development Act* or the *Planning Act, 1983*, and any building scheme agreement and agreement of purchase and sale entered into by the City for the development and/or disposition of any part of the site shall require compliance with these conditions and the programs and strategies developed under them, in so far as they relate to the lands dealt with by the agreements.

9. O. Reg. 470/88.
Refunds.
Made—July 14th, 1988.
Filed—July 22nd, 1988.

REGULATION MADE UNDER THE FUEL TAX ACT, 1981

REFUNDS

1. In this Regulation,

"applicant" means a person who applies for a refund under this Regulation;

"debtor" means a person to whom an applicant has sold fuel;

"wholesale dealer" means a person who sells fuel for the purpose of resale. O. Reg. 470/88, s. 1.

2.—(1) Subject to subsection (2), upon receipt of an application in Form 12 of Ontario Regulation 772/82 made by an applicant who is a collector, importer, wholesale dealer or retail dealer, together with such other information as may be required under this section, the Minister may refund an amount on account of tax collectable or payable under the Act that has been remitted by the applicant to the Treasurer or paid over by the applicant to the collector, importer or other fuel supplier for subsequent remittance to the Treasurer, with respect to fuel, equal to,

(a) where all or a portion of the sale price of the fuel sold by the applicant has not been paid and has become an uncollectable debt, that portion of the amount remitted or paid over by the applicant on account of tax with respect to the fuel that the uncollectable debt bears to the total sale price of the fuel, including the total amount on account of tax; and

(b) where the fuel has been lost or cannot be sold or used by the applicant by reason of destruction, theft or contamination of the fuel, the amount remitted or paid over by the applicant on account of tax with respect to the fuel.

(2) No refund shall be made under this section where,

(a) the collectable or uncollectable portion of the debt arising on the sale of the fuel referred to in clause (1) (a) has been assigned, with or without recourse, by private contract to another person other than for security purposes;

(b) at the time of the sale of the fuel referred to in clause (1) (a) or of the loss of the fuel referred to in clause (1) (b), as the case may be, the applicant did not hold a valid licence under the *Gasoline Handling Act*; or

(c) the applicant is otherwise entitled under the Act or the regulations to receive or to apply to receive a refund of or an allowance in compensation for the amount remitted or paid over by the applicant on account of the tax with respect to the fuel.

(3) For the purposes of this section,

(a) a debt is not an uncollectable debt until,

(i) the applicant has claimed a deduction for the amount of the debt under paragraph 20 (1) (*p*) of the *Income Tax Act* (Canada) in the calculation of the applicant's income for a taxation year for the purposes of that Act, and

(ii) the deduction referred to in subclause (i) has been allowed by the Minister of National Revenue, by a court on an appeal under Division J of the *Income Tax Act* (Canada) or by a court on an appeal of a previous court decision; and

(b) a debt shall cease to be an uncollectable debt if the deduction referred to in clause (a) is subsequently denied on an assessment, reassessment or additional assessment of tax or in a determination of the applicant's noncapital loss under the *Income Tax Act* (Canada), or on an appeal referred to in subclause (a) (ii).

(4) An application for a refund under clause (1) (a) shall be accompanied by,

(a) copies of all invoices in respect of which a refund is being claimed;

(b) proof that the amount being claimed was remitted to the Treasurer or paid over to a collector, importer or other supplier for subsequent remittance to the Treasurer; and

(c) proof that the debt in respect of which the refund is being claimed is an uncollectable debt.

(5) An application for a refund under clause (1) (b) shall be accompanied by,

(a) a copy of any settlement by or written confirmation from an insurance company confirming settlement of any claim for the loss with respect to which the refund is being claimed;

(b) a copy of any police report made with respect to the loss;

(c) a copy of any fire marshal's report made with respect to the cause of the loss; and

(d) such other information as is necessary to verify the loss or contamination of the fuel and the remittance or payment over by the applicant of the amount being claimed.

(6) Where a refund has been made under clause (1) (a) or under section 11 of Ontario Regulation 772/82 as it existed on the 21st day of July, 1988, the tax in respect of the fuel shall remain payable to the Treasurer and the applicant or the person who received the refund under the said section 11 shall pay to the Treasurer an amount on account of tax payable under the Act as determined under subsection (7) at any time when the applicant or person receives any payment from or on behalf of the debtor or receives any payment from any person in satisfaction of part or all of the debt in respect of which the refund was made.

(7) For the purpose of subsection (6), the amount payable to the Treasurer shall be the amount on account of the tax determined by the Minister to have been paid to the applicant or person after allocation of the payment to amounts payable to the applicant by the debtor on account of fuel and tax in the order of the date of sale by the applicant or person.

(8) Where a refund has been made under clause (1) (a) and the debt in respect of which the refund was made has ceased to be an uncollectable debt, the applicant shall become liable to pay to the Treasurer the amount of the refund and such amount shall be deemed, for the purposes of the recovery thereof, to be tax payable by the applicant under the Act.

(9) Where a refund has been made under clause (1) (a) and the applicant has paid an amount to the Treasurer under subsection (8), the Minister may make a refund to the applicant under clause (1) (a) in an amount that is not in excess of the amount paid to the Treasurer under subsection (8) if,

(a) the debt in respect of which the refund was originally made subsequently becomes an uncollectable debt by reason of the subsequent allowance of the deduction referred to in clause (3) (a) by the Minister of National Revenue or by a court on an appeal of an assessment of tax under the *Income Tax Act* (Canada); and

(b) neither the applicant nor the Minister of National Revenue has any further right of appeal, either with or without leave of a court, with respect to the issue of the deductibility of the debt or part thereof from the applicant's taxable income under that Act.

(10) No refund shall be made under this section unless application therefor is made within three years of,

(a) in the case of a refund under clause (1) (a), the date of a notice of assessment or a determination of a non-capital loss made under the *Income Tax Act* (Canada) or of a judgment or order of a court, whereby the debt in respect of which the refund is claimed is allowed as a deduction referred to in clause (3) (a); and

(b) in the case of a refund under clause (1) (b), the date of the loss or contamination of the fuel in respect of which the refund is claimed. O. Reg. 470/88, s. 2.

(d) such other information as is necessary to verify the loss or contamination of the gasoline or aviation fuel and the remittance or payment over by the applicant of the amount being claimed.

(7) Where a refund has been made under clause (2) (a) or under this section as it existed on the 21st day of July, 1988, the tax in respect of the gasoline or aviation fuel, as the case may be, shall remain payable to the Treasurer and the applicant shall pay to the Treasurer an amount on account of tax payable under the Act as determined under subsection (8) at any time when the applicant receives any payment from or on behalf of the debtor or receives any payment from any person in satisfaction of part or all of the debt in respect of which the refund was made.

(8) For the purpose of subsection (7), the amount payable to the Treasurer shall be the amount on account of the tax determined by the Minister to have been paid to the applicant after allocation of the payment to amounts payable to the applicant by the debtor on account of gasoline and tax or aviation fuel and tax in the order of the date of sale by the applicant.

(9) Where a refund has been made under clause (2) (a) and the debt in respect of which the refund was made has ceased to be an uncollectable debt, the applicant shall become liable to pay to the Treasurer the amount of the refund and such amount shall be deemed, for the purposes of the recovery thereof, to be tax payable by the applicant under the Act.

(10) Where a refund has been made under clause (2) (a) and the applicant has paid an amount to the Treasurer under subsection (9), the Minister may make a refund to the applicant under clause (2) (a) in an amount that is not in excess of the amount paid to the Treasurer under subsection (9) if,

(a) the debt in respect of which the refund was originally made subsequently becomes an uncollectable debt by reason of the subsequent allowance of the deduction referred to in clause (4) (a) by the Minister of National Revenue or by a court on an appeal of an assessment of tax under the *Income Tax Act* (Canada); and

(b) neither the applicant nor the Minister of National Revenue has any further right of appeal, either with or without leave of a court, with respect to the issue of the deductibility of the debt or part thereof from the applicant's taxable income under that Act.

(11) No refund shall be made under this section unless application therefor is made within three years of,

(a) in the case of a refund under clause (2) (a), the date of a notice of assessment or a determination of a non-capital loss made under the *Income Tax Act* (Canada) or of a judgment or order of a court, whereby the debt in respect of which the refund is claimed is allowed as a deduction referred to in clause (4) (a); and

(b) in the case of a refund under clause (2) (b), the date of the loss or contamination of the gasoline or aviation fuel in respect of which the refund is claimed. O. Reg. 472/88, s. 1.

REGULATION TO AMEND REGULATION 933 OF REVISED REGULATIONS OF ONTARIO, 1980 MADE UNDER THE TOBACCO TAX ACT

1. Regulation 933 of Revised Regulations of Ontario, 1980 is amended by adding thereto the following sections:

3.—(1) In this section,

"applicant" means a person who applies for a refund under this section;

"debtor" means a person to whom an applicant has sold tobacco.

(2) Subject to subsection (3), upon receipt of an application in Form 3 made by an applicant who is a dealer or a person designated a collector according to the regulations under the Act, together with such other information as may be required under this section, the Minister may refund an amount on account of tax collectable or payable under the Act that has been remitted by the applicant to the Treasurer or paid over by the applicant to a collector or other dealer for subsequent remittance to the Treasurer, with respect to tobacco, equal to,

(a) where all or a portion of the sale price of the tobacco sold by the applicant has not been paid and has become an uncollectable debt, that portion of the amount remitted or paid over by the applicant on account of tax with respect to the tobacco that the uncollectable debt bears to the total sale price of the tobacco, including the total amount on account of tax; and

(b) where the tobacco has been lost or cannot be sold by the applicant by reason of destruction, theft or contamination of the tobacco, the amount remitted or paid over by the applicant on account of tax with respect to the tobacco.

(3) No refund shall be made under this section where,

(a) the collectable or uncollectable portion of the debt arising on the sale of the tobacco referred to in clause (2) (a) has been assigned, with or without recourse, by private contract to another person; or

(b) the applicant is otherwise entitled under the Act or the regulations to receive or to apply to receive a refund of or an allowance in compensation for the amount remitted or paid over by the applicant on account of the tax with respect to the tobacco.

(4) For the purposes of this section,

(a) a debt is not an uncollectable debt until,

(i) the applicant has claimed a deduction for the amount of the debt under paragraph 20 (1) (*p*) of the *Income Tax Act* (Canada) in the calculation of the applicant's income for a taxation year for the purposes of that Act, and

(ii) the deduction referred to in subclause (i) has been allowed by the Minister of National Revenue, by a court on an appeal under Division J of the *Income Tax Act* (Canada) or by a court on an appeal of a previous court decision; and

(b) a debt shall cease to be an uncollectable debt if the deduction referred to in clause (a) is subsequently denied on an assessment, reassessment or additional assessment of tax or in a determination of the applicant's non-capital loss under the *Income Tax Act* (Canada), or on an appeal referred to in subclause (a) (ii).

(5) An application for a refund under clause (2) (a) shall be accompanied by,

(a) copies of all invoices in respect of which a refund is being claimed;

(b) proof that the amount being claimed was remitted to the Treasurer or paid over to a collector or other dealer for subsequent remittance to the Treasurer; and

(c) proof that the debt in respect of which the refund is being claimed is an uncollectable debt.

(6) An application for a refund under clause (2) (b) shall be accompained by,

(a) a copy of any settlement by or written confirmation from an insurance company confirming settlement of any claim for the loss with respect to which the refund is being claimed;

(b) a copy of any police report made with respect to the loss;

(c) a copy of any fire marshal's report made with respect to the cause of the loss; and

(d) such other information as is necessary to verify the loss or contamination of the tobacco and the remittance or payment over by the applicant of the amount being claimed.

(7) Where a refund has been made under clause (2) (a) or under section 20 of Regulation 934 of Revised Regulations of Ontario, 1980 as it existed on the 21st day of July, 1988, the tax in respect of the tobacco shall remain payable to the Treasurer and the applicant or the person who received the refund under the said section 20 shall pay to the Treasurer an amount on account of tax payable under the Act as determined under subsection (8) at any time when the applicant receives any payment from or on behalf of the debtor or receives any payment from any person in satisfaction of part or all of the debt in respect of which the refund was made.

(8) For the purpose of subsection (7), the amount payable to the Treasurer shall be the amount on account of the tax determined by the Minister to have been paid to the applicant after allocation of the payment to amounts payable to the applicant by the debtor on account of tobacco and tax in the order of the date of sale by the applicant.

(9) Where a refund has been made under clause (2) (a) and the debt in respect of which the refund was made has ceased to be an uncollectable debt, the applicant shall become liable to pay to the Treasurer the amount of the refund and such amount shall be deemed, for the purposes of the recovery thereof, to be tax payable by the applicant under the Act.

(10) Where a refund has been made under clause (2) (a) and the applicant has paid an amount to the Treasurer under subsection (9), the Minister may make a refund to the applicant under clause (2) (a) in an amount that is not in excess of the amount paid to the Treasurer under subsection (9) if,

(a) the debt in respect of which the refund was originally made subsequently becomes an uncollectable debt by reason of the subsequent allowance of the deduction referred to in clause (4) (a) by the Minister of National Revenue or by a court on an appeal of an assessment of tax under the *Income Tax Act* (Canada); and

(b) neither the applicant nor the Minister of National Revenue has any further right of appeal, either with or without leave of a court, with respect to the issue of the deductibility of the debt or part thereof from the applicant's taxable income under that Act.

(11) No refund shall be made under this section unless application therefor is made within three years of,

(a) in the case of a refund under clause (2) (a), the date of a notice of assessment or a determination of a non-capital loss made under the *Income Tax Act* (Canada) or of a judgment or order of a court, whereby the debt in respect of which the refund is claimed is allowed as a deduction referred to in clause (4) (a); and

(b) in the case of a refund under clause (2) (b), the date of the loss or contamination of the tobacco in respect of which the refund is claimed.

(12) An application for a refund under this section shall be in Form 3 O. Reg. 474/88, s. 1, *part*.

4. Where an application for a refund under this Regulation, Regulation 934 of Revised Regulations of Ontario, 1980 (General), Ontario Regulation 606/83 (Refunds) or under section 26 of the Act has been supported in whole or in part by one or more invoices on or in connection with which the applicant has misrepresented a material fact, the amount of the refund that may be made by the Minister in respect of the application shall be reduced by the greater of $5 or the amount of the refund claimed through the use of the invoice or invoices. ENVIRONMENTAL ASSESSMENT ACT

O. Reg. 481/88.
Exemption—Ministry of Natural Resources—MNR-52/2.
Made—July 14th, 1988.
Approved—July 14th, 1988.
Filed—July 14th, 1988.

ORDER MADE UNDER THE ENVIRONMENTAL ASSESSMENT ACT

EXEMPTION—MINISTRY OF NATURAL RESOURCES—MNR-52/2

Having received a request from the Ministry of Natural Resources that an undertaking, namely:

The activity of implementing the Ministry of Natural Resources' Cottage Lot Development Program, including:

1. the implementation of any,

   (i) Lake Management Plans, and/or

   (ii) River Cottaging Plans;

2. the provision of road access, access points, common docks and solid waste disposal facilities; and

3. the disposition of Crown land for cottage development,

be exempt from the application of the Act pursuant to section 29; and

Having been advised that if the undertaking is subject to the application of the Act, the following injury, damage or interference with the persons and property indicated will occur:

A. The Ministry of Natural Resources will be interfered with by a delay in carrying out management programs to which the Crown has made public commitments and which have no significant negative effects on the environment.

The undersigned is of the opinion that it is in the public interest to order and orders that the undertaking is exempt from the application of the Act for the following reasons:

A. The Ministry of Natural Resources, through public consultation, has developed District Land Use Guidelines which provide direction for determining areas to be considered for cottage development.

B. The Ministry of Natural Resources has a management planning process for lakes and rivers which considers:

   (i) development and evaluation of alternative cottage lot and subdivision development plans;

   (ii) the option of no development;

   (iii) economic, social and environmental impacts;

   (iv) public consultation;

   (v) input from other government agencies; and

   (vi) periodic reviews of lake and river mangement plans.

C. The Ministry of Natural Resources processes Crown land subdivision development plans in accordance with procedures for private land subdivision proposals established under section 50 of the *Planning Act, 1983*.

D. The cottage lot program provides a service to the people of Ontario in areas where this demand is not now fulfilled by the private sector.

E. No significant negative environmental impacts or other public concerns have been identified with the cottage lot program which was carried out between 1974 and 1982, and from 1987 to the present.

F. The exemption will provide for early implementation of Ministry of Natural Resources' Northern Competitiveness Initiatives to increase the use of Crown land as a development tool. A market demand study for cottage lots in Northern Ontario being carried out by the Ministry of Natural Resources during the term of this exemption will provide the long term direction for the Cottage Lot Development Program. The results of this study will also allow for an accurate determination of future methods for complying with the *Environmental Assessment Act*.

G. The Ministry of Natural Resources requires additional time to complete the market demand study and to complete a review of its lake and river management planning process, both of which are required in order to determine the future methods for complying with the *Environmental Assessment Act*.

This exemption is subject to the following terms and conditions:

1. The Cottage Lot Development Program will be carried out in accordance with:

   (a) the Ministry of Natural Resources' "Interim Lake Planning Guidelines", 1977;

   (b) the Ministry of Natural Resources' "River Cottaging Guidelines", 1982; and

   (c) the Ministry of Natural Resources' "Policy for Cottage Lot Development Program", dated March 11, 1987,

   as amended from time to time, and shall only include activities carried out for the purposes of creating, developing and servicing lots referred to in condition 10.

2. New cottage lots shall only be created in accordance with the procedure under section 50 of the *Planning Act, 1983*, as amended from time to time, which, for purposes of this order, shall be treated by the Ministry of Natural Resources as though the Act bound the Crown.

3. The Ministry of Natural Resources shall provide the Environmental Assessment Branch

of the Ministry of the Environment and the Strategic Policy Branch of the Ministry of Tourism and Recreation with:

(a) a list of existing MNR approved lake and river plans related to this undertaking which are intended to be implemented during the term of this order, within ninety days of the approval of this order;

(b) any amendments to the list of approved lake and river plans related to this undertaking which are intended to be implemented during the term of this order, within thirty days of the list being amended by MNR; and/or

(c) the names of the lakes and rivers for which new plans will be formulated prior to the commencement of the lake and river planning process.

4.—(1) A copy of each lake and river plan, once it is approved by MNR, shall be made available to the public for examination at the appropriate District Office of the Ministry of Natural Resources at least forty-five days before implementation commences, and, in any event, prior to the submission of a draft plan of subdivision, or the commencement of construction of an access road, access point, common dock or solid waste disposal facility.

(2) A summary of each plan to be implemented will be forwarded to the Environmental Assessment Branch of the Ministry of the Environment and the Strategic Policy Branch of the Ministry of Tourism and Recreation no later than the date the plan is required to be made available at the District Office, to be kept with the records of environmental assessments and made available to the public in the same way as these records.

5. Where the Minister of the Environment, after consultation with the Minister of Natural Resources, determines that a proposed activity warrants an environmental assessment, the Minister of the Environment may, by written notice to the Minister of Natural Resources which outlines his reasons, direct that an environmental assessment be prepared for the activity. In which event, the activity will not be exempt under this order.

6. ENVIRONMENTAL ASSESSMENT ACT

O. Reg. 497/88.
Exemption—Ministry of the Environment—MOE-34.
Made—July 28th, 1988.
Approved—July 28th, 1988.
Filed—August 5th, 1988.

ORDER MADE UNDER THE ENVIRONMENTAL ASSESSMENT ACT

EXEMPTION—MINISTRY OF THE ENVIRONMENT—MOE-34

Having received a request from the Regional Director, Central Region, Ministry of the Environment that an undertaking, namely:

> The removal of lead-contaminated soil from residential and public properties and the removal of lead-contaminated dust from houses in the vicinity of the Toronto Refiners and Smelters Limited secondary lead smelter, hauling the removed soil to approved disposal sites, replacing the soil with uncontaminated top soil and landscaping the properties to a condition approximating that which existed prior to the soil removal,

be exempted from the application of the Act pursuant to section 29; and being of the opinion that, if the undertaking is subject to the application of the Act, the following injury, damage or interference will occur;

A. Since lead contaminated soil on residential properties poses a potential hazard to the health of pre-school aged children, there will be a prolonged exposure of these children to the potential hazard.

B. The public will become increasingly uneasy over the continuing presence of lead contaminated soil in view of its potential hazard to pre-school aged children and the Ministry commitment to remove it.

Having weighed such injury, damage or interference against the betterment of the people of the whole or any part of Ontario by the protection, conservation and wise management in Ontario of the environment, which would result from the undertaking being subject to the application of the Act;

The undersigned is of the opinion that it is in the public interest to order and orders that the undertaking is exempt from the application of the Act for the following reasons:

A. The lead-contaminated soil poses a potential hazard to the children of the area. Delays which would be engendered by the application of the Act to the removal program will add to the duration of this potential hazard. Therefore, it is in the public interest to replace lead contaminated soil in the area expeditiously.

B. The application of the Act will interfere with the removal program because the required hearings will result in a delay of several months in the soil removal.

C. There is a widespread consensus in the community, the Board of Health and Toronto City Council that this project should proceed expeditiously.

This exemption is subject to the following terms and conditions:

1. The Ministry, where appropriate, will inform and consult with agencies, municipalities, public groups and the public, which have concerns with the undertaking before the commencement of the undertaking.

2. The Director, Central Region, Ministry of the Environment, within thirty calendar days of the completion of the undertaking, will give a written report to the Director of the Environmental Assessment Branch of the Ministry of the Environment for filing with the public records kept under section 31 of the Act by the Branch stating how the conditions of this exemption have been met.

3. The Director, Central Region, Ministry of the Environment, will designate specific truck haulage routes to be followed throughout the undertaking in order to minimize any potential adverse effects on local residents.

4. The Director, Central Region, Ministry of the Environment, will take steps to ensure that the hauling contractor(s) securely con-

tain all loads in order to prevent spillage and will clean up any spillage that does result from the loading and hauling of the soil. O. Reg. 497/88.

ENVIRONMENTAL ASSESSMENT ACT

O. Reg. 498/88.
Exemption—Kitchener-Wilmot Hydro.
Made—July 28th, 1988.
Approved—July 28th, 1988.
Filed—August 5th, 1988.

ORDER MADE UNDER THE ENVIRONMENTAL ASSESSMENT ACT

EXEMPTION—KITCHENER-WILMOT HYDRO

Having received a request from Kitchener-Wilmot Hydro that an undertaking, namely:

> the activities of planning, designing, constructing and operating an electrical transformer station on lands at the intersection of Ottawa St. S. and the Ontario Hydro right-of-way near Fischer-Hallman Rd. in the City of Kitchener, to transform electrical power from 230 KV to 13.8/8.0 KV

be exempt from the application of the Act pursuant to section 29; and

Having been advised that if the undertaking is subject to the application of the Act, the following injury, damage or interference with the persons and property indicated will occur:

A. The public will be interfered with and damaged because the level of service available from the proponent will be diminished and the efficiency of its distribution system will be affected if the electrical transformer station is not in place and operating by the fall of 1990.

B. The proponent and its customers will be damaged and interfered with by the undue expense required to prepare an Environmental Assessment for an undertaking which will have only minimal effect on the environment.

C. The City of Kitchener will be damaged and interfered with as it will be necessary to restrict development of the Huron Business Park and other areas in south and west sections of the City until an *Environmental Assessment Act* approval is received.

Having weighed such injury, damage or interference against the betterment of the people of the whole or any part of Ontario by the protection, conservation and wise management in Ontario of the environment which would result from the undertaking being subject to the application of the Act;

The undersigned is of the opinion that it is in the public interest to order and orders that the undertaking is exempt from the application of the Act for the following reasons:

A. The proponent has prepared an Environmental Study Report that demonstrates that the environmental effects of construction and operation of the transformer station will be very limited and not adverse.

B. The public and property owners have been made aware of the proposed construction of the transformer station and the proponent advises that there are no public concerns.

C. The proponent has carried out pre-submission consultation with the Ministry of the Environment, and circulated the following Ministries for Comment: Citizenship and Culture, Energy, Municipal Affairs, Transportation, Natural Resources, Agriculture and Food, and Tourism and Recreation. Contact will be maintained throughout the construction stage of the undertaking.

This exemption is subject to the following terms and conditions:

1. This exemption shall expire if construction is not commenced by January 1, 1990.

2.—(a) The maximum design levels for noise at the point of reception shall be established as per the Ontario Hydro "Protocol for Community Noise Control", 7 January, 1981.

(b) The noise level of the power transformers to be installed will be tested by Kitchener-Wilmot Hydro as per the Canadian Standards Association publication CAN3-C88-M79.

(c) If the tests under clause (b) establish that the facility noise level exceeds the design levels established in clause (a), a noise mitigation study outlining the proposed mitigation measures to reduce the noise impact shall be submitted to the Director, Approvals Branch, Ministry of the Environment, for approval. Approved mitigation measures shall then be undertaken by Kitchener-Wilmot Hydro forthwith.

(d) The noise level of the power transformers shall be tested by Kitchener-Wilmot Hydro from time to time to ensure compliance with the maximum design level established in clause (a).

3. The design and implementation process for the facility will be carried out by Kitchener-Wilmot Hydro according to the Environmental Study Report and recommendations contained therein and will be made known by Kitchener-Wilmot Hydro to the public and property owners in the area.

4. Mitigation of any adverse environmental effects during construction shall be undertaken by Kitchener-Wilmot Hydro in accordance with section 4 of Ontario Hydro's "Environmental Guidelines for the Construction and Maintenance of Transmission Facilities (1986)".

5. Where any activity which otherwise would be exempt under this order is being carried out as or is part of an undertaking for which an environmental assessment has been accepted and approval to proceed received, the activity shall be carried out in accordance with any terms or conditions in the approval to proceed as well as the conditions of this order.

6. Where any activity which is the subject of this order is being carried out as or is part of another undertaking which is the subject of an exemption order under the Act, the activity exempt under this order shall be carried out in accordance with any terms or conditions in the other exemption order as well as the conditions in this order.

7. Within thirty days of completing construction and again within thirty days of completing the approved mitigation measures, if any, the proponent shall submit a report to the Director of the Environmental Assessment Branch, Ministry of the Environment, outlining how conditions 1 through 4 were met. ORDER MADE UNDER THE ENVIRONMENTAL ASSESSMENT ACT

EXEMPTION—MINISTRY OF GOVERNMENT SERVICES—MGS-86

Having received a request from the Ministry of Government Services that an undertaking, namely:

> The activities involved in the implementation of the Arrell Observation and Detention Home project on a 1.64ha (3.5 acre) site on the west side of Anchor Road between Bigwin and Harlowe Roads within the Stone Church Industrial Park in the City of Hamilton and legally referred to as Parts 9 to 16 inclusive of Plan 62R-5200,

be exempt from the application of the Act pursuant to section 29; and

Having been advised by the Ministry of Government Services that if the undertaking is subject to the application of the Act, the following injury, damage or interference with the persons and property indicated will occur:

A. The Crown will be interfered with and damaged by the undue delay and expense required to prepare an environmental assessment for an activity for which significant adverse environmental impacts are not envisioned; and

B. The Ministry of Community and Social Services will be interfered with because they urgently require the undertaking to overcome existing inadequate accommodation facilities which severely hamper effective and efficient program delivery.

Having weighed such injury, damage or interference against the betterment of the people of the whole or any part of Ontario by the protection, conservation and wise management in Ontario of the environment which would result from the undertaking being subject to the application of the Act;

The undersigned is of the opinion that it is in the public interest to order and orders that the undertaking is exempt from the application of the Act for the following reasons:

A. The Zoning and Official Plan of The Regional Municipality of Hamilton-Wentworth permit the proposed use. Council supports the use of the suggested site in the manner indicated.

B. The site is located in an industrial park away from residential areas.

C. Appropriate architectural and landscape design features will be incorporated in the

development to encure security and visual compatibility with surrounding environment.

D. The proposed undertaking will have no significant adverse effects on the environment.

E. The Ministry of Community and Social Services has undertaken a public information program in relation to the proposed development and the surrounding neighbours.

This exemption is subject to the following terms and conditions:

1. Where any activity which otherwise would be exempt under this order is being carried out as or is part of an undertaking for which an environmental assessment has been accepted and approval to proceed received, the activity shall be carried out in accordance with any terms or conditions in the approval to proceed as well as the conditions of this order.

2. Where any activity which is the subject of this order is being carried out as or is part of another undertaking which is the subject of an exemption order under the Act, the activity exempt under this order shall be carried out in accordance with any terms or conditions in the other exemption order as well as the conditions in this order.

3. Appropriate erosion control measures will be developed and implemented during construction to ensure that the integrity of adjacent watercourses is not compromised.

4. This order shall expire if construction activities have not commenced by December 31, 1989. O. Reg. 499/88.

INSTRUCTIONS

1. The morbid conditions relating to death are divided into two Parts. In Part I are those conditions causally related to the "IMMEDIATE CAUSE" and in Part II those not causally related thereto. In most cases the completion of Part I will be sufficient. Detailed certification is not required the entry of a single cause being preferable in cases where a single cause is sufficient, as in Example I. Where the person completing the certificate finds it necessary to record more than one cause, it is important that they be stated in the position provided on the form as indicative of their mutual relationship.

2. Follow these instructions;

   1. Name first the "Immediate Cause" of death, i.e., the disease, injury or complication which caused death (not mode of dying or terminal condition);

   2. Then give the other morbid conditions (if any) of which the immediate cause was the consequence, in order of causal relationship stating the most recent one first and then the others in order;

   3. Part II is reserved for other important contributory morbid conditions, particularly when death was due to a combination of maladies, none of which would have been fatal alone;

   4. Use accepted terms for morbid conditions and never record mere symptoms;

   5. Maternal deaths—qualify all diseases resulting from child-birth, miscarriage or abortion by the word "puerperal", for example, puerperal septicaemia; distinguish between septicaemia originating in abortion and in child-birth;

   6. Cancer—specify the organ or first part affected;

   7. Violent deaths—where a death was due to a violent cause, the person completing the medical certificate shall indicate clearly whether the death was due to accident, suicide or homicide, and the manner and nature of the injury which resulted in death; where the death was due to accident the circumstances shall be stated as fully as possible for example, an automobile accident shall always be designated as such.

3. The following examples illustrate the essential principles in the use of the form:

ENVIRONMENTAL ASSESSMENT ACT

O. Reg. 563/88.
Exemption—Ministry of Government Services—MGS-90.
Made—September 1st, 1988.
Approved—September 1st, 1988.
Filed—September 14th, 1988.

ORDER MADE UNDER THE ENVIRONMENTAL ASSESSMENT ACT

EXEMPTION—MINISTRY OF GOVERNMENT SERVICES—MGS-90

Having received a request from the Ministry of Government Services that an undertaking, namely:

The activities involved in designing, constructing, operating and maintaining a facility for the Ministry of the Solicitor General for an Ontario Provincial Police Detachment at a site which is legally referred to as Part of Mining Claim Pa 3416 (recorded as Pa 6897), Township of Ponsford, now in the Township of Pickle Lake, District of Kenora, Patricia Portion,

be exempt from the application of the Act pursuant to section 29; and

Having been advised by the Ministry of Government Services that if the undertaking is subject to the application of the Act, the following injury, damage or interference with the persons and property indicated will occur:

A. The Ministry of Government Services will be interfered with by being required to prepare an environmental assessment for an activity for which adverse environmental impacts have not been identified;

B. The Ministry of the Solicitor General will be interfered with in that the levels of efficiency and service are diminished by the inadequacies of the existing facilities.

Having weighed such injury, damage or interference against the betterment of the people of the whole or any part of Ontario by the protection, conservation and wise management in Ontario of the environment which would result from the undertaking being subject to the application of the Act;

The undersigned is of the opinion that it is in the public interest to order and orders that the undertaking is exempt from the application of the Act for the following reasons:

A. The Ministry of Government Services has assured me that the proposed undertaking will have no significant adverse effects on the environment and this is based, in part, upon the fact that adequate services exist at the site, the zoning by-law and the Official Plan permit the proposed use and that no unique natural or man-made features will be significantly affected.

B. The undertaking merely serves to replace the temporary trailer facilities that were hastily arranged as an interim measure after the original detachment was destroyed by fire in late January, 1987.

This exemption is subject to the following terms and conditions:

1. Where any activity which otherwise would be exempt under this order is being carried out as or is part of an undertaking for which an environmental assessment has been accepted and approval to proceed received,

the activity shall be carried out in accordance with any terms or conditions in the approval to proceed as well as the conditions of this order.

2. Where any activity which is the subject of this order is being carried out as or is part of another undertaking which is the subject of an exemption order under the Act, the activity exempt under this order shall be carried out in accordance with any terms or conditions in the other exemption order as well as the conditions in this order.

3. The order shall expire if construction activities have not commenced by December 31, 1989. O. Reg. 563/88.

ENVIRONMENTAL ASSESSMENT ACT

O. Reg. 564/88.
Exemption—Ministry of Government Services—MGS-88.

Approved—September 1st, 1988.
Filed—September 14th, 1988.

ORDER MADE UNDER THE ENVIRONMENTAL ASSESSMENT ACT

EXEMPTION—MINISTRY OF GOVERNMENT SERVICES—MGS-88

Having received a request from the Ministry of Government Services that an undertaking, namely:

> The actions involved in the implementation of an Activities Centre at the Oak Ridge Division of the Mental Health Centre on a lot legally referred to as Parts Lots 1 and A1, Registered Plan 69, Town of Penetanguishene, Township of Tay, County of Simcoe,

be exempt from the application of the Act pursuant to section 29; and

Having been advised by the Ministry of Government Services that if the undertaking is subject to the application of the Act, the following injury, damage or interference with the persons and property indicated will occur:

A. The Ministry of Government Services will be interfered with in that an environmental assessment would have to be prepared for an undertaking with insignificant environmental impacts.

B. The users of the Mental Health Centre will be interfered with in that levels of efficiency and service available from the programs of the Ministry of Health are diminished by the inadequacies of the existing facilities.

Having weighed such injury, damage or interference against the betterment of the people of the whole or any part of Ontario by the protection, conservation and wise management in Ontario of the environment which would result from the undertaking being subject to the application of the Act; the undersigned is of the opinion that it is in the public interest to order and orders that the undertaking is exempt from the application of the Act for the following reasons:

A. The proposed undertaking will have no significant adverse effects on the environment.

B. The undertaking will not increase the capacity of the institution. The project merely serves to update the existing facilities to present standards. All work will be executed within the confines of the site of the existing institution.

This exemption is subject to the following terms and conditions:

1. Where any activity which otherwise would be exempt under this order is being carried out as or is part of an undertaking for which an environmental assessment has been accepted and approval to proceed received, the activity shall be carried out in accordance with any terms or conditions in the approval to proceed as well as the conditions of this order.

2. Where any activity which is the subject of this order is being carried out as or is part of another undertaking which is the subject of an exemption order under the Act, the activity exempt under this order shall be carried out in accordance with any terms or conditions in the other exemption order as well as the conditions in this order.

3. This order shall expire if construction activities have not commenced by December 31, 1991. O. Reg. 564/88.

40. The discounted equalized assessment determined under section 38 and the respective 1988 percentage share of apportionment determined for each municipality under section 39 shall be substituted for the equalized assessment in the notice of the equalized assessment that is provided to the conservation authority by the Ministry of Natural Resources under the Act establishing a conservation authority. O. Reg. 582/88, s. 40.
